

Department of Botany
Govt. Degree College Anantnag (SHMM)

Two Days Experiential Tour diary Report

DAY 1

As part of university curriculum specified for B.Sc. 4th Semester (Major/Minor) Botany, the department of Botany of the college organized Two days Experiential tour cum Hands-on Training Workshop for under graduate students on 8th and 9th May 2024.

A group of 57 students (List enclosed) accompanied by faculty members of the department, Mr. Yaseen and Dr. Zahoor and Dr. Ubaid (Asst. Prof. Botany) were

Yaseen
Head of the Deptt Botany,
Govt Degree College Anantnag

deputed for the practical, interactive and participatory workshop held at Centre for Biodiversity and Plant Taxonomy Dept. of Botany university of Kashmir Srinagar.

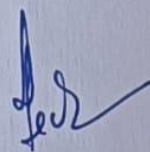

The experiential tour was aimed to provide firsthand information to students about herbarium techniques, method of collection, and preservation of plant specimens and creation of repository following scientific procedure.

In the first session of the day one (8th May 2024) students visited Kashmir University Botanical Garden and Herbarium (KASH) to have firsthand and on the spot information about floral diversity of the region.

Dr. Akther Hussain, Jr. scientist of the Centre for Plant Taxonomy and Biodiversity gave detailed power point presentation on Herbarium Techniques and standard method of plant collection, method of drying, and herbarium techniques which young scholars need to following while pursuing research as carrier.

The students visited KASH Herbarium of the university and had in-depth understanding about herbarium techniques.

In the afternoon session Dr. Anzar Khuroo, Associate professor Botany, delivered power point presentation on Taxonomy and taxonomic tools like identification, classification and nomenclature. In his detailed presentation Dr. Khuroo emphasized that Taxonomic studies are applicable to allied plant sciences like ecology, biosystematics, horticulture and agriculture.

DAY 2

On the second day of workshop, students visited Dachigam National Park, Srinag which houses plethora of wild flora and fauna. The objective of the tour was

Las

sensitize them about natural floral and faunal wealth of the National Park and some endangered species.

At the outset I/C wild life officer Mr. Jan Mohammad extended warm welcome to students and staff. In his speech the officer discussed about wild life wealth of the park like Kashmir stag, brown and black bear and leopard. The officer showcased the wild animals to students who were rescued and rehabilitated in the park as they had recently invaded human settlement region in Srinagar.

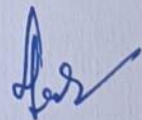

The students were enlightened about Man animal conflict and methods by which such situations could be avoided to minimize human and animal loss.

The students were also taken to Fish farm section at Laribal.

The experiential learning tour generated tremendous response and inquisitiveness among students and they jotted down all learning opportunities.

The department extends sincere gratitude to Head department of Botany and CBT, University of Kashmir, Srinagar and I/C Wild Life officer Dachigam National Park, Srinagar for giving opportunity to our young scholars to have access to institutions of repute and to gain first-hand information and training expertise on subject matter.

Pertinent to mention that students were provided with full logistic support by college administration.
